

Lockdown

			
The number of people with coronavirus in the UK is going up.	The government have announced a national lockdown.	This is good. It will stop coronavirus spreading as quickly.	Most children will learn from home during the lockdown.
			
A small number of children will continue learning in school.	The government have decided who needs to continue to be in school.	Whether you are at home or in school your teacher will set work on Google Classroom.	You might feel pleased or worried about your new learning arrangement.
			
All feelings are ok.	To help the lockdown work it is important that everyone follows the rules.	Everyone must stay at home as much as possible.	We should not meet up with other people unless they are in our support bubble.
			
If we do see other people when we are out we must try to keep at least 2m social distance.	You can still visit outdoor spaces like parks with people you live with, unless you are isolating.	We know you will make good choices with your learning and behaviour.	You can help by continuing your good hygiene routines:
			
<ul style="list-style-type: none"> Washing hands for 20 seconds with soap and water 	<ul style="list-style-type: none"> Using a tissue to catch coughs and sneezes. 	You can keep your mind healthy by:	<ul style="list-style-type: none"> Talking to your adults about how you are feeling.
			
<ul style="list-style-type: none"> Keeping in touch with friends and family you can't see on the phone or computer. 	<ul style="list-style-type: none"> Distracting yourself and expressing your feelings by drawing, writing, playing, reading or using your imagination. 	Your grown-ups will help you to understand the new rules.	
			
Your teachers are thinking about you.	Even though we can't all be together...	...we are all still part of the same King Athelstan family.	Stay Safe!
