18th January 2022

Dear Families,

KIRF Super-Learning and Mufti Day

On **Friday 4th February** we are going to be having a Times Tables Rock Stars and NumBots special event. During the day, Years 2 to 6 will be having competitions with each other on TTRS and taking part in times tables activities. Reception and Year 1 will be playing on NumBots with their friends and taking part in other maths activities. As part of our home learning policy, our aim in maths is to consolidate basic skills and use online games and practice-based learning that children can rehearse with minimal support. Basic number facts and times tables are fundamental knowledge that children need, and we want them to be enthusiastic about learning and practising this. We are hoping that this special event will boost their enthusiasm to continue regularly using these online resources as part of their home learning.

We would like to invite Years 2 - 6 to dress up as rock stars and Reception and Year 1 to dress up as robots for this special event. It could just be an accessory like a wig, headband or crazy hair, or a whole outfit.

Reception and Year 1 robots

Years 2 - 6 rock stars

If you have any questions, please speak to your child's class teacher or email:
