

Parent Info:

This week focuses on supporting healthy friendships and the importance of connecting with others.

Why is this important?

Social connection and friendships are important contributors to emotional wellbeing. Friendships help us to feel that we belong, that we have purpose, they also reduce levels of stress and improve our sense of confidence and self-worth. Finding a way to encourage and strengthen friendships has never been more important than during these unprecedented times of social isolation.

How can we grow this area?

We can help children to develop this area by supporting them to learn about what makes a good friend, how we can reach out to others and let them know we care, in addition to modelling positive relationships at home.

Worksheets included:

- 1) **Support map:** This can help children to think about who the important people in their life are.
- 2) **Friendship recipe:** This is a creative challenge to help children reflect on what they feel makes a good friend.
- 3) **Kindness challenge:** An opportunity to encourage and share kindness.

- 4) **How can I be a good friend worksheet:** An information sheet about qualities that make a good friend.
- 5) **Friendship challenge:** A scavenger hunt style worksheet that supports children to find out more about their friends and family to further strengthen connections with others.
- 6) **3-2-1:** As a thread across all topics, each week the 3-2-1 exercise to promote a growth mindset will be included. It encourages reflection and curiosity.
