

Website Translations[✦]

ParentPay EAL speakers can now use in-browser translations for website content

For translating ParentPay website using an iPhone or iPad, here are some step- by-step instructions

Step 1

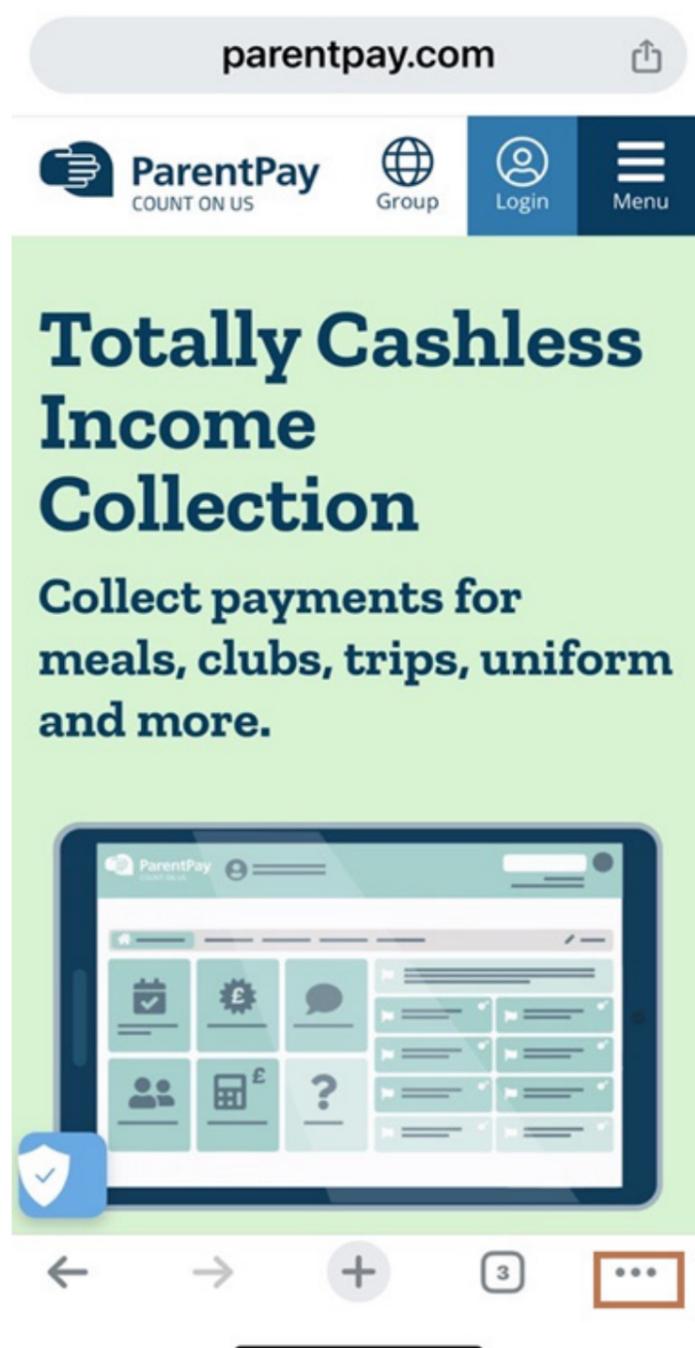

Download the Chrome App from the App store

Step 2

Type ParentPay.com into the search bar and then select the site: <https://app.parentpay.com/public/client/security/v2/#/login>

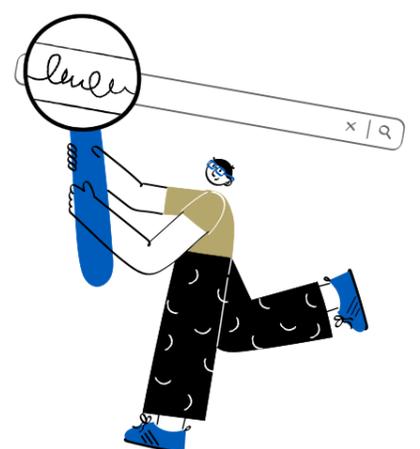

Step 3

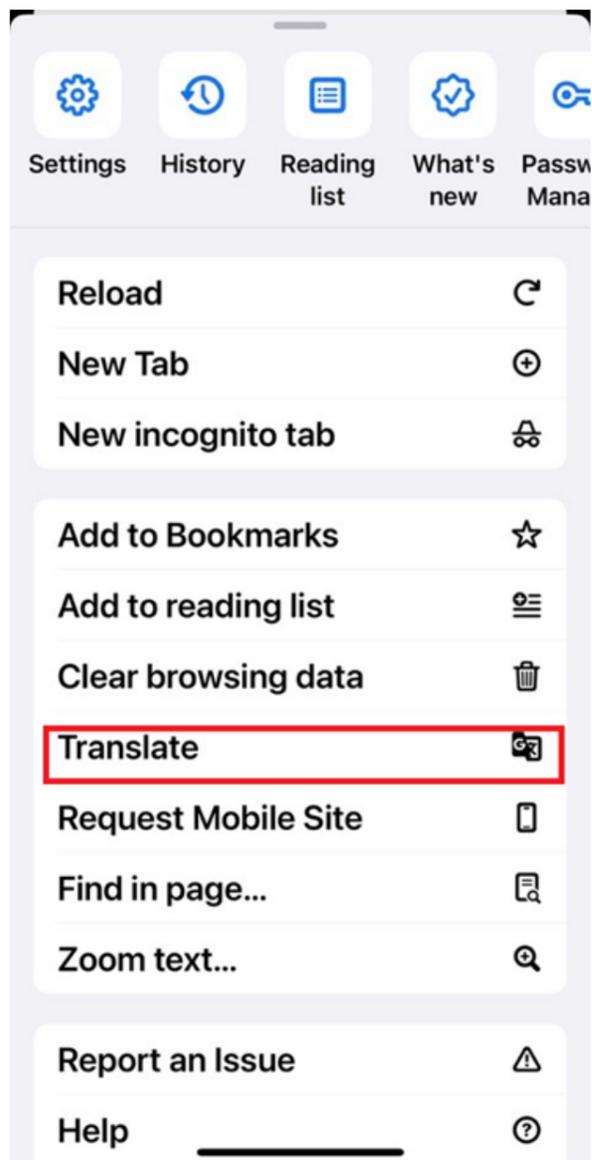

Once the site loads, tap the three dots on the right at the bottom of the navigation. On an iPad the three dots will be in the top right corner of the screen

Step 4

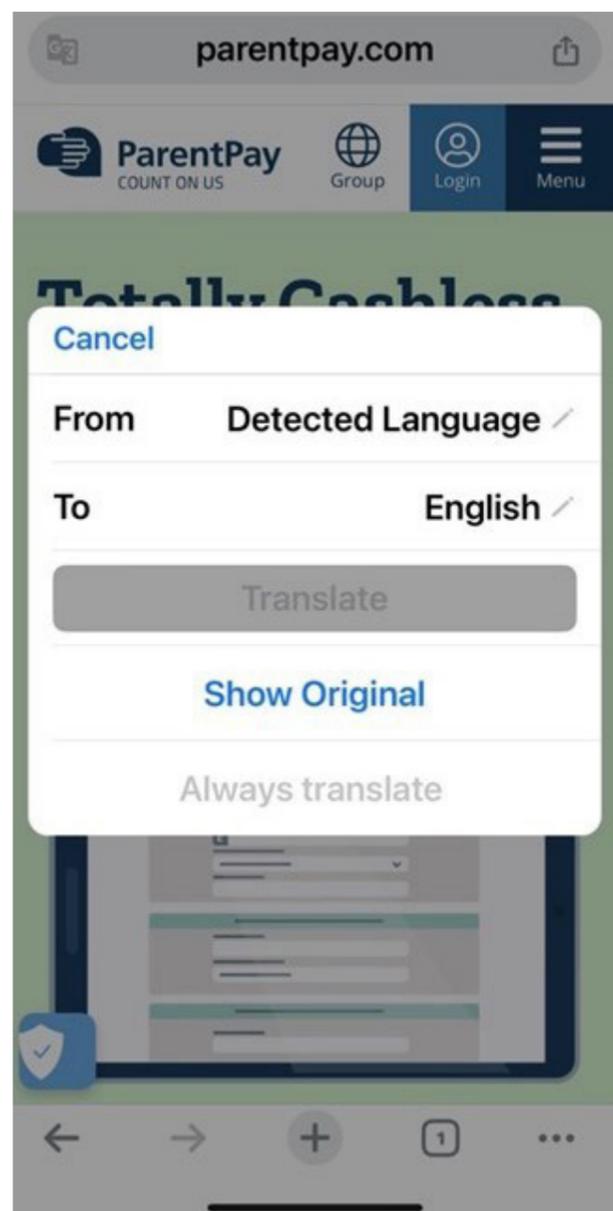

Click Translate

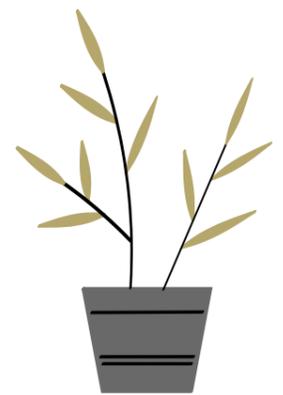

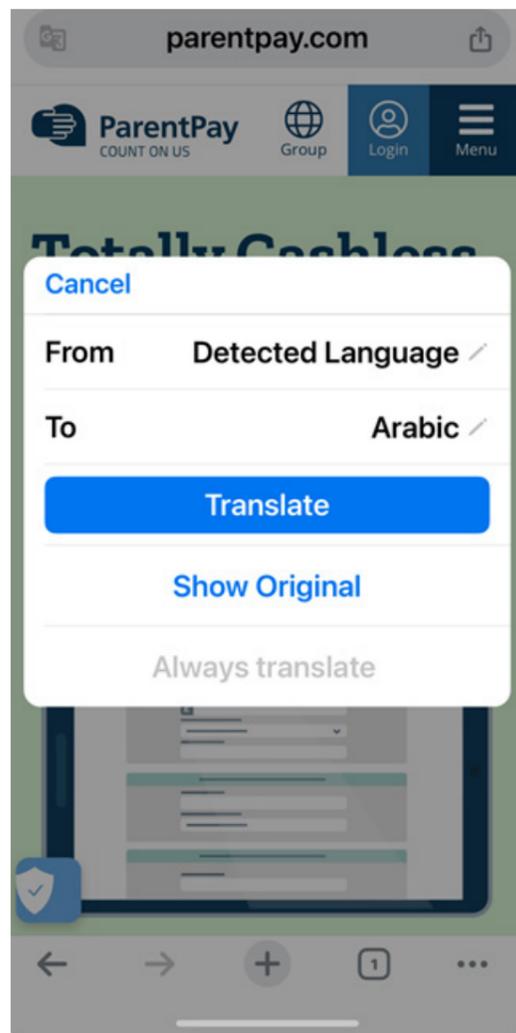

Step 5

The following screen will appear. Click the gear icon to display the screen with the language to and from selector

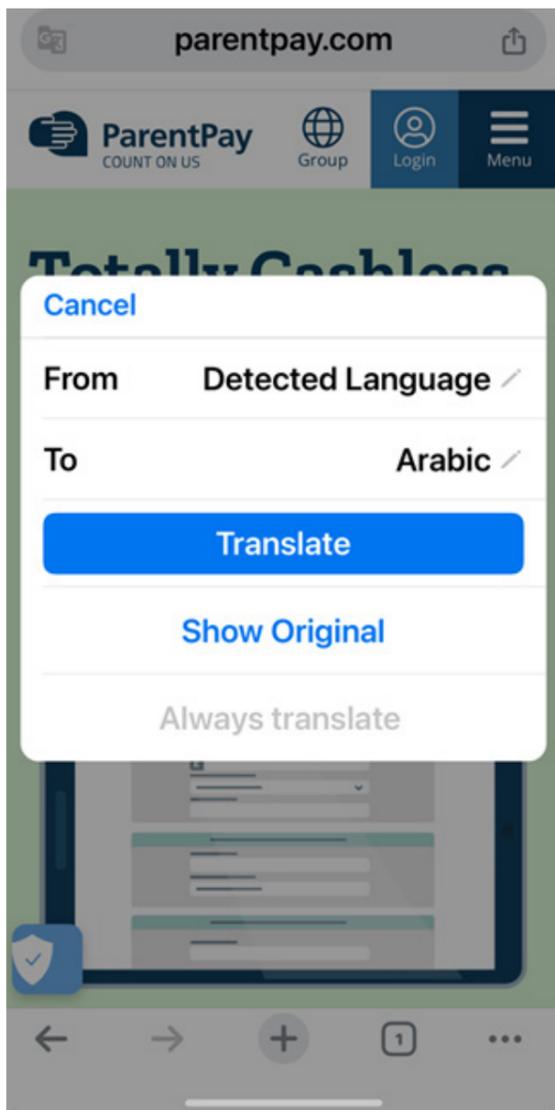

Step 6

Click on the “To” box and a list of languages will appear to select from. Select the language you want by clicking on it.

Step 7

Click Translate and the site will be fully translated into the chosen language.

Step 8

To switch the translation off, click show original

Step 9

To translate to another language click the gear icon. Click again on the "To" box to select the new language (following steps 6 and 7)

On an Android iPhone to translate the ParentPay website, follow these steps

Step 1

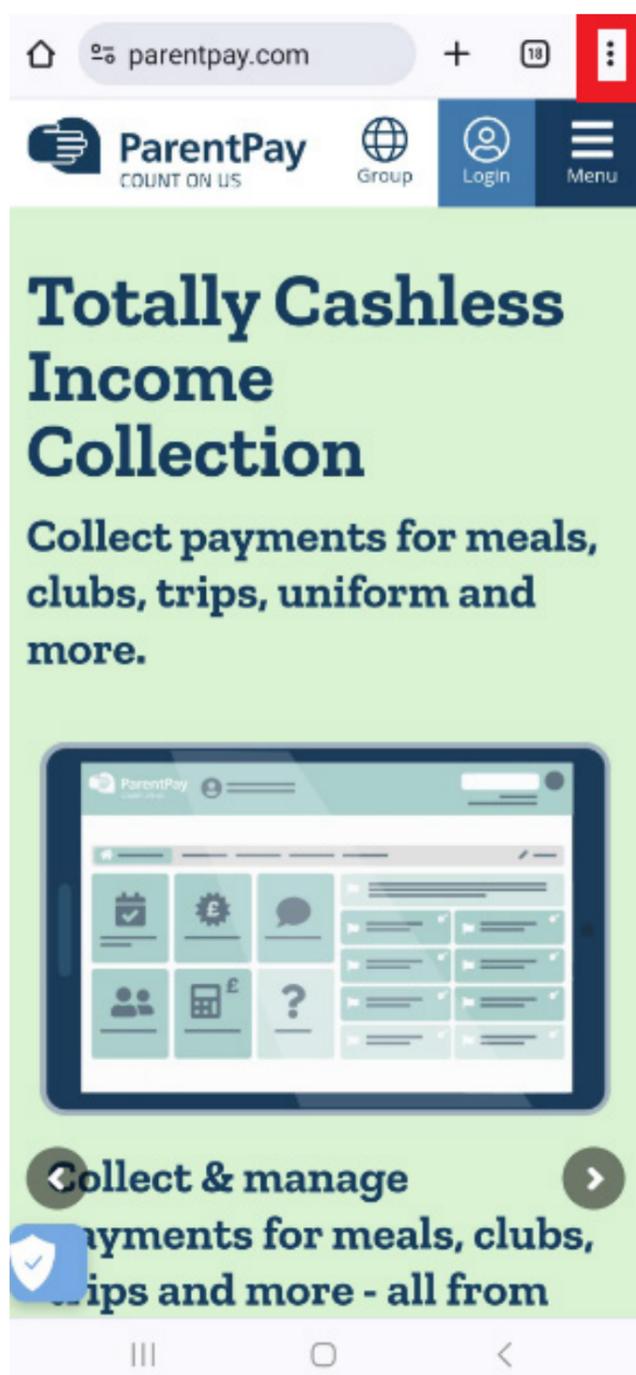

Download the Chrome App from the App store

Step 2

Type ParentPay.com into the search bar and then select the site: <https://app.parentpay.com/public/client/security/v2/#/login>

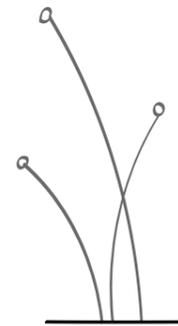

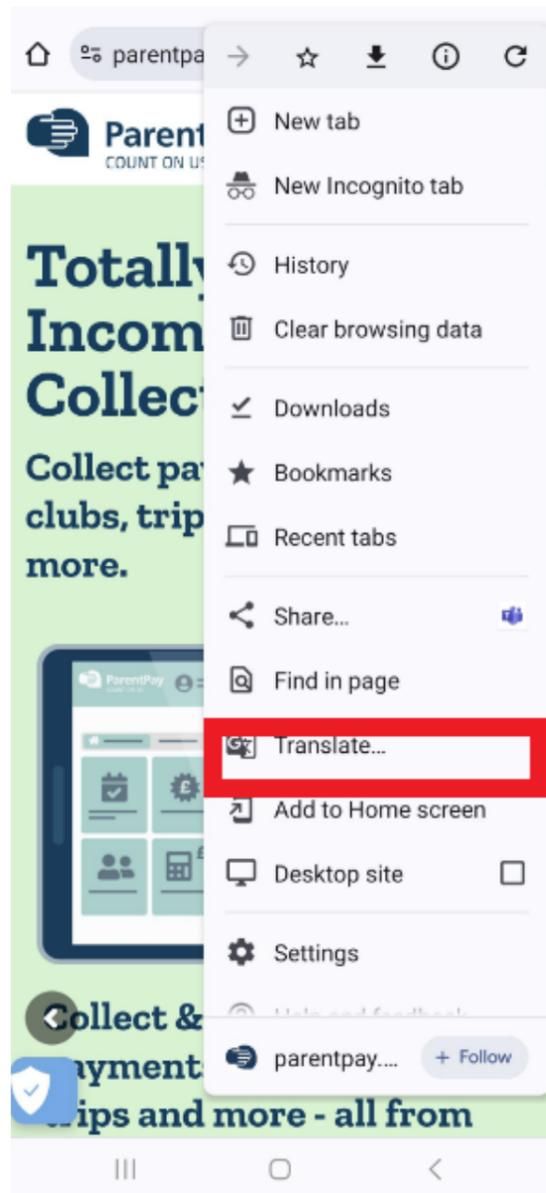

Step 3

Once the site loads, tap the three dots on the top right of the screen.

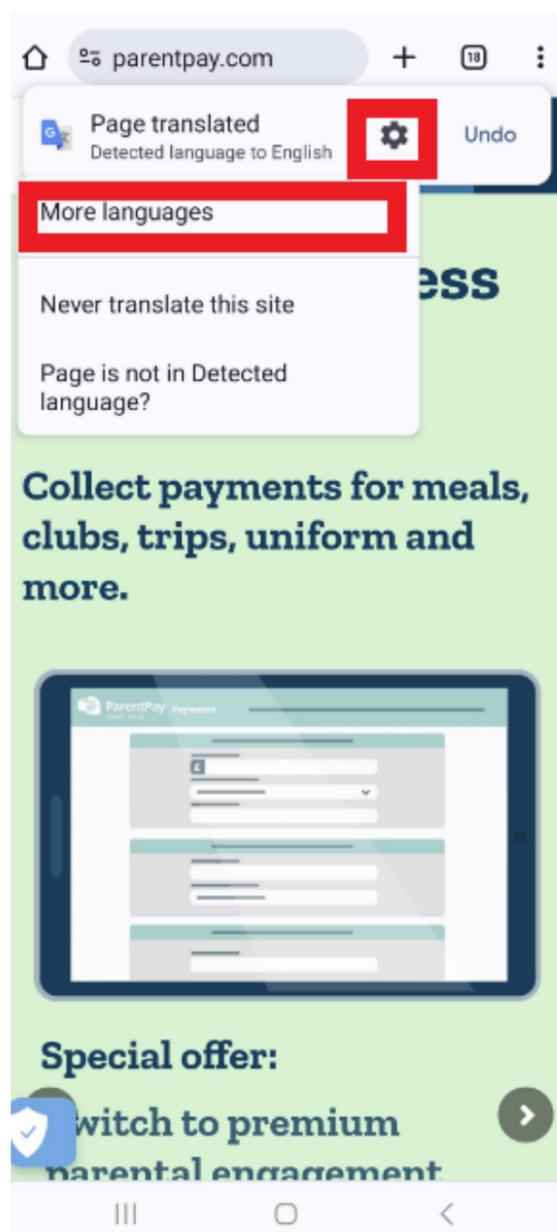

Step 4

Click Translate

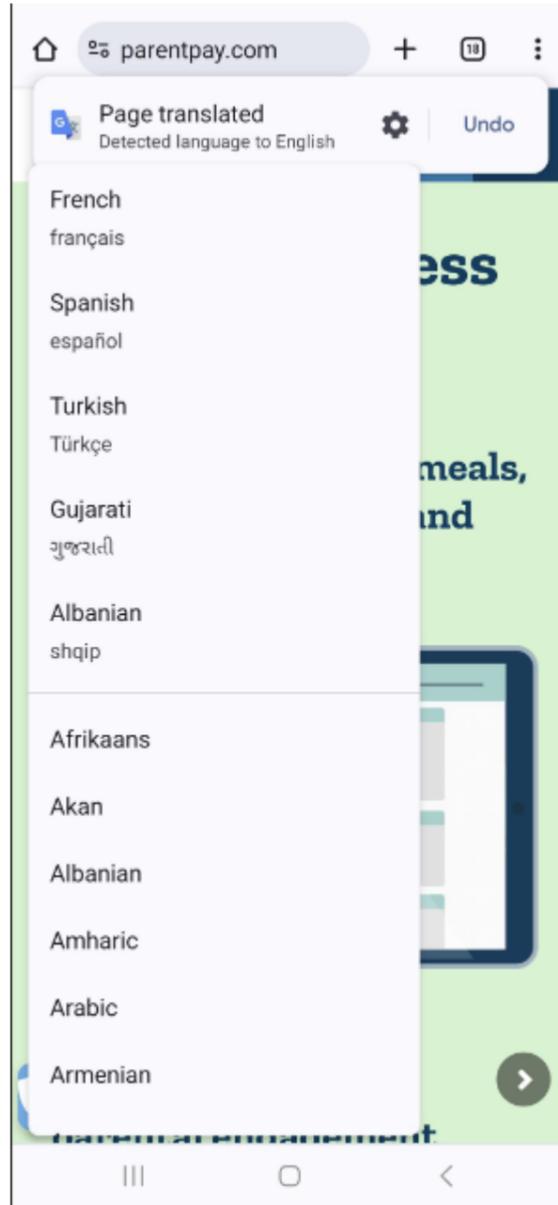

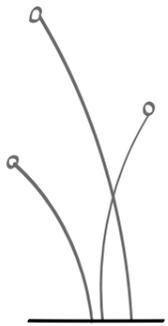

Step 5

The following screen will appear, it will automatically translate if you have a language already selected. If not, click the gear icon and select More Languages.

Step 6

A list of languages will appear to select from. Select the language you want by clicking on it and the site will be instantly translated into your chosen language.

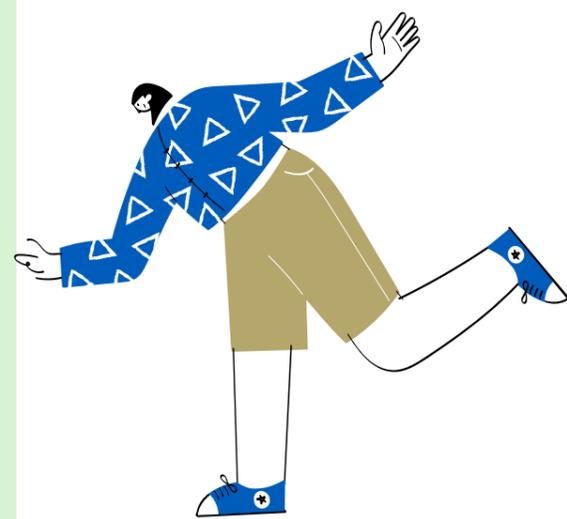

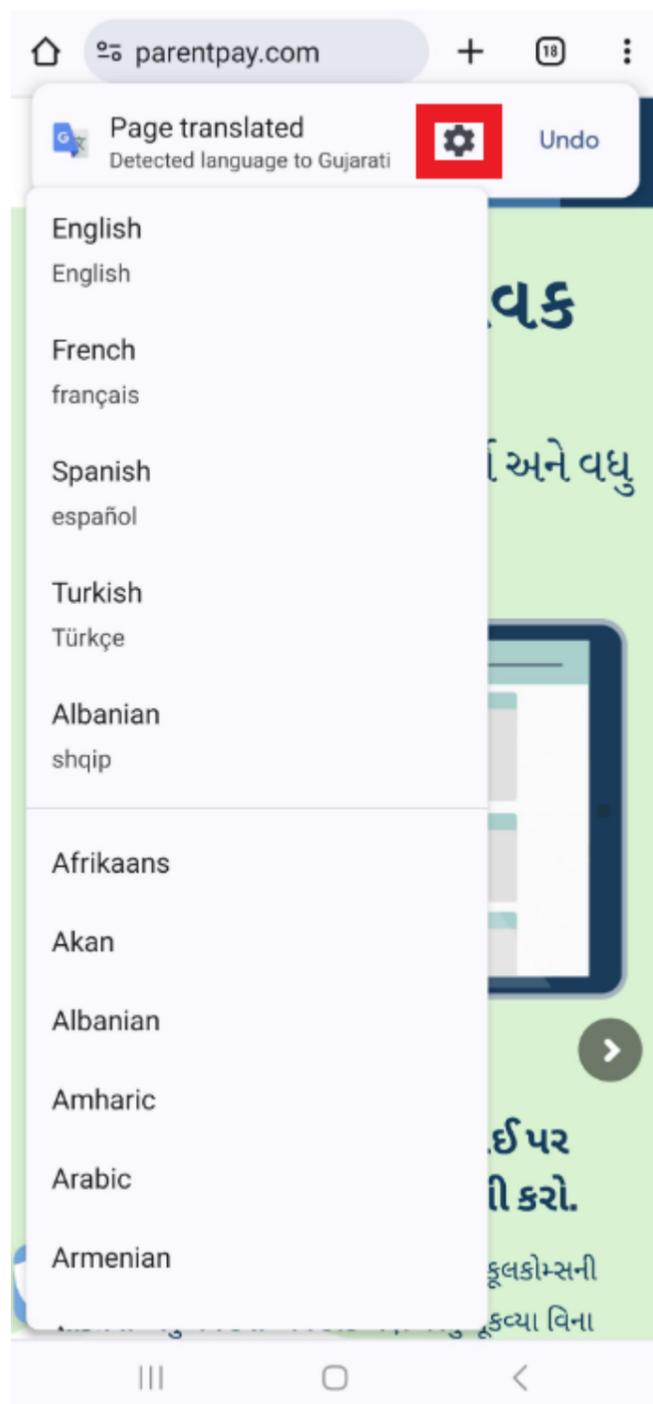

Step 7

To switch the translation off, click Undo

Step 8

To translate to another language click the gear icon, Click again in the to box to select the new language (following steps 6 and 7)

If using a computer or laptop to translate the ParentPay website, follow these steps

Step 1

Download the Chrome App from the App store

Step 2

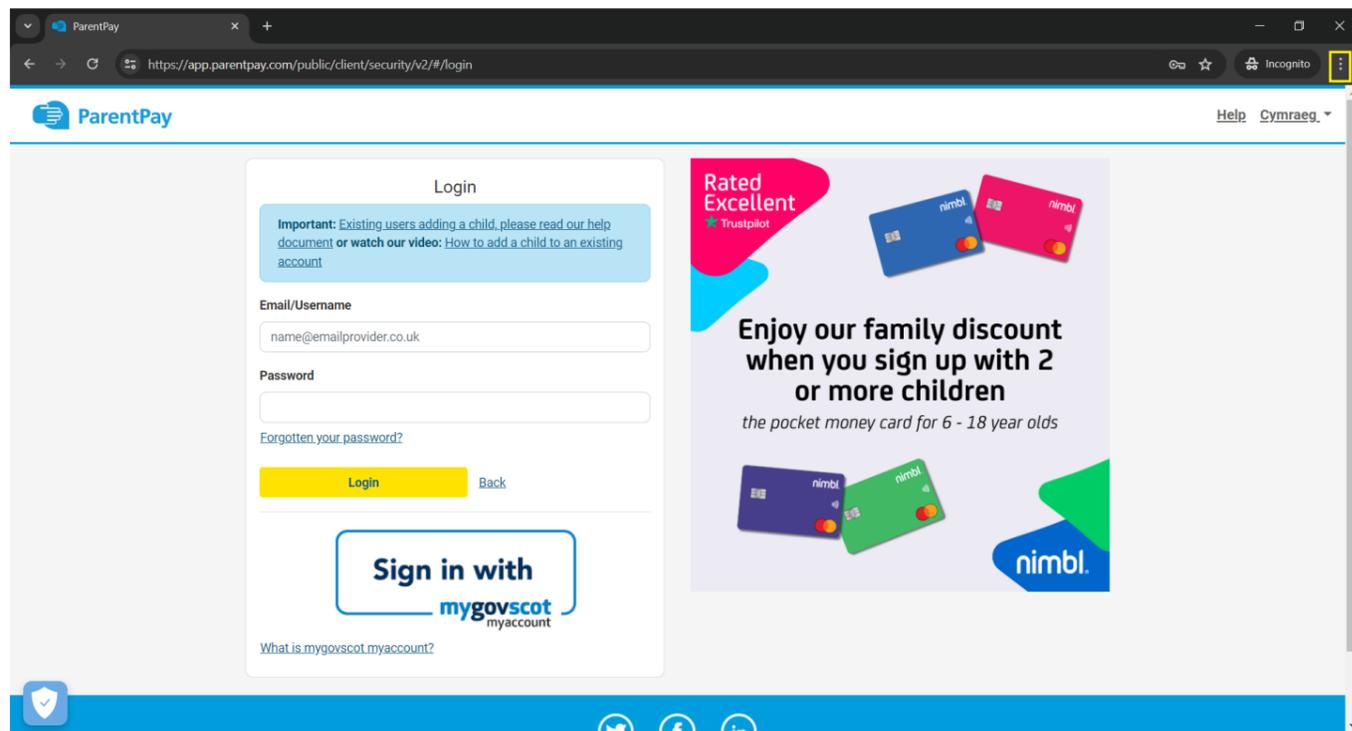

Type ParentPay.com into the search bar and then select the site: <https://app.parentpay.com/public/client/security/v2/#/login>

Step 3

Click the link to access

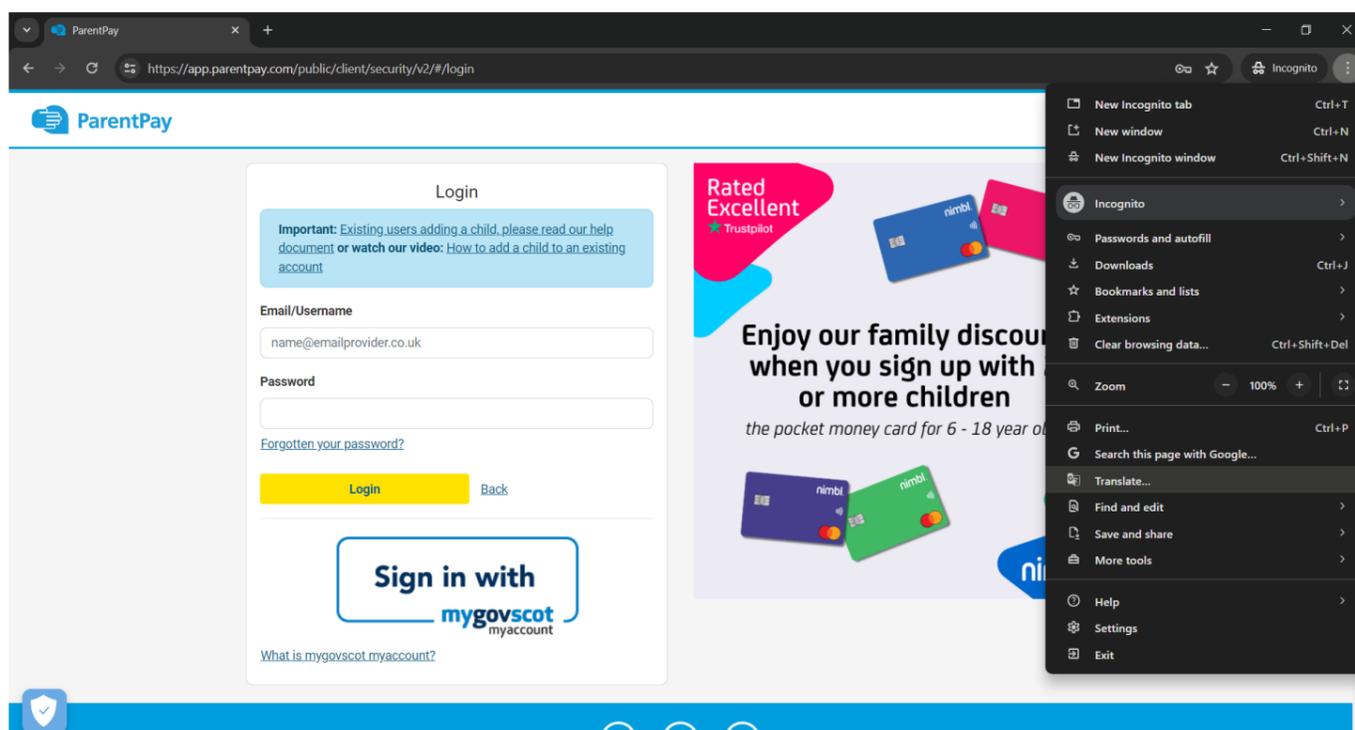

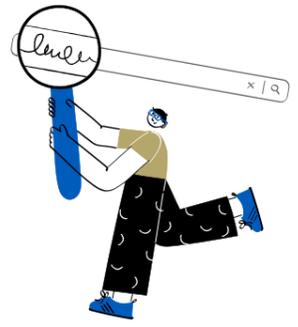

Step 4

Select the 3 dots in the right hand top corner

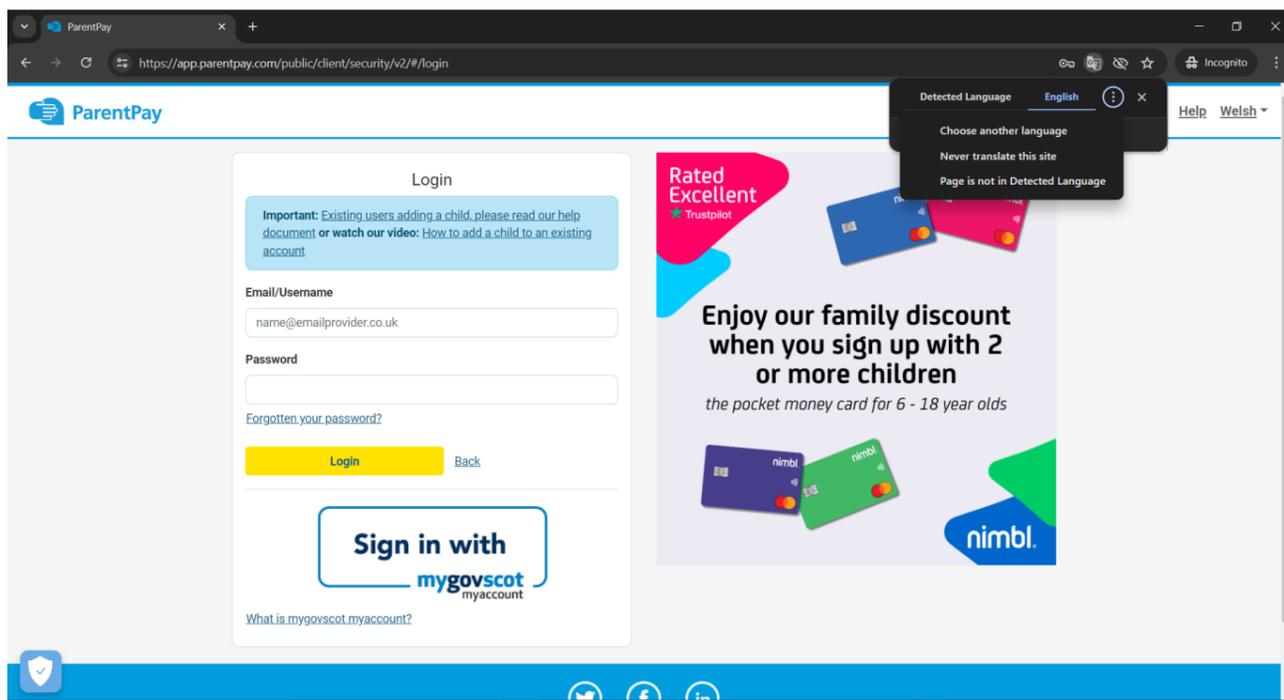

Step 5

Select Translate from the drop-down

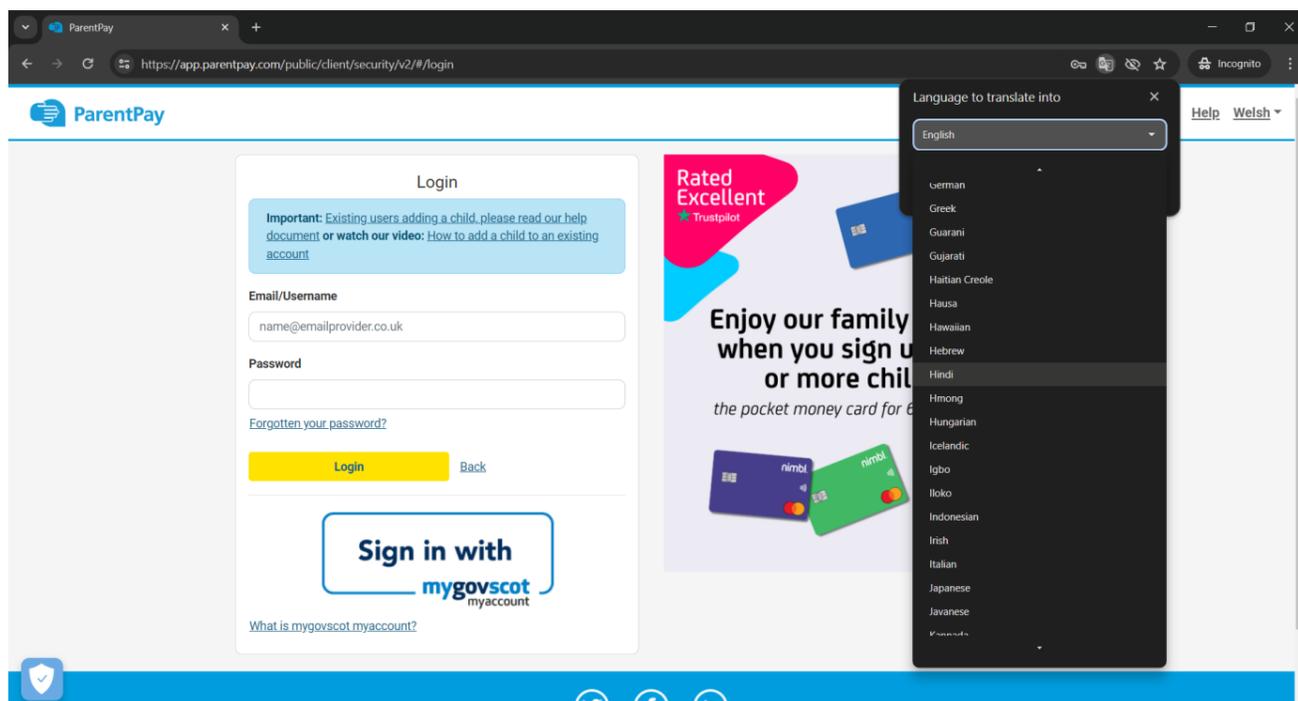

Step 6

After selecting Translate, the following box should appear. Select the 3 dots again and select "Choose another language".

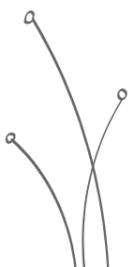

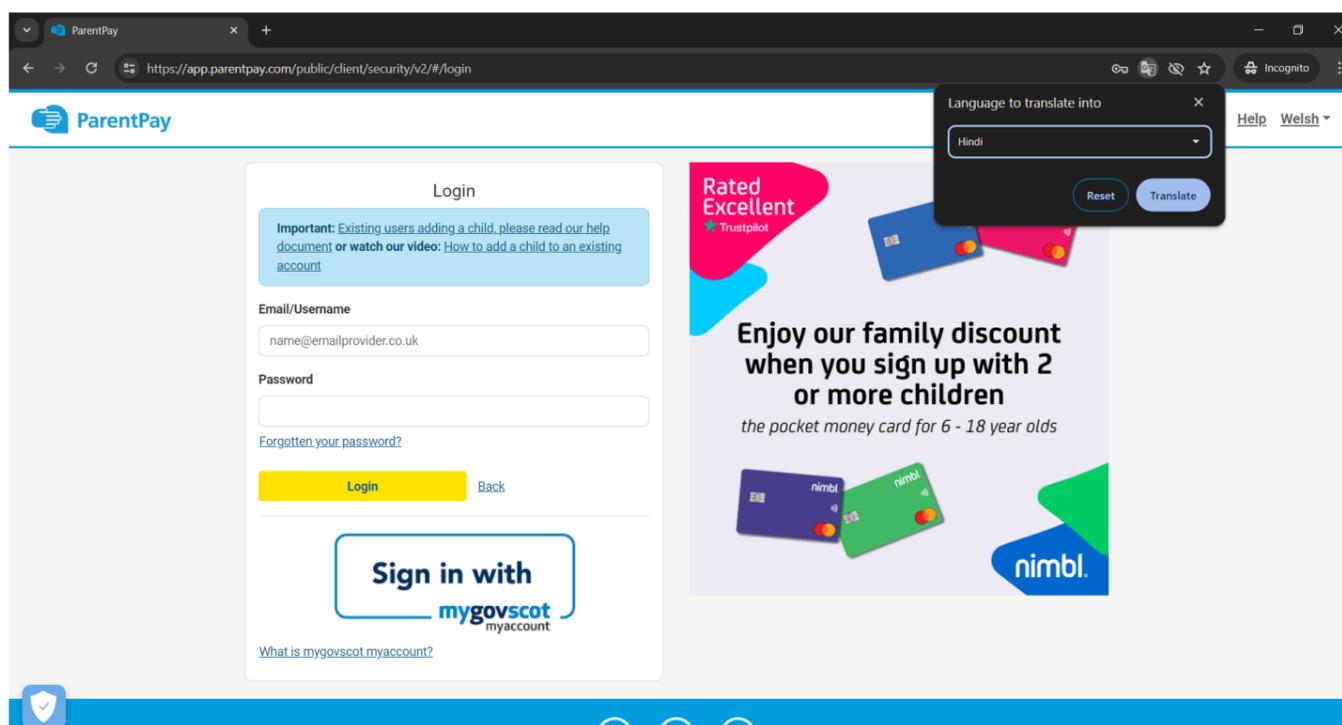

Step 7

Select the language you would like to translate the site to.

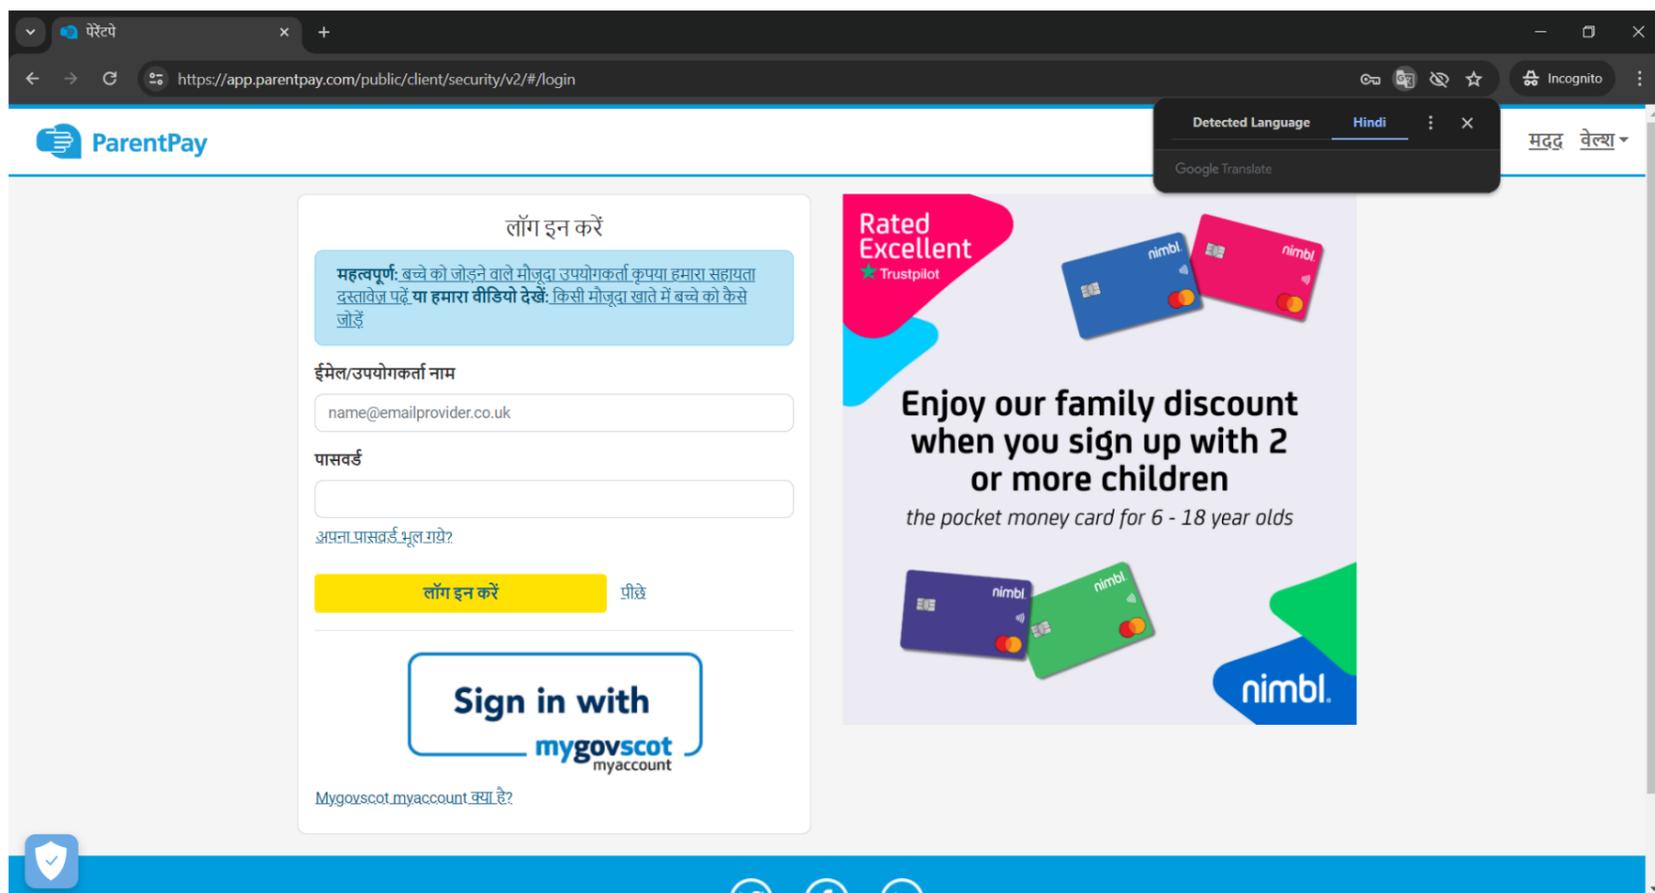

Step 8

Click Translate

Step 9

The site is now translated and you can tick the box to always translate should you wish. If you wish to change the language, follow the steps from 4 onwards.

Website Translations Coming Soon to the ParentPay product!

Later this year we will be adding in product translations to the ParentPay product, so there is no reliance on browser translations; making it even easier for parents to navigate and use when English is not their native language.
